

**I'm an
Engineer
Get me out of here**

***Your students talk online with
real engineers over a 2 week
period and vote for their winner***

Students see that engineers are normal people, learn how maths, D&T, and science lessons relate to real life, and become more enthused about engineering.

For Year 5 to Year 13 students

Completely
FREE
for state-maintained
UK schools

***"The students really
enjoyed it (constant
cries of 'he's answered
it!' and 'that's so
cool') and I think they
learned a lot!"***
